Acorns

Acorns is a place where children are encouraged to develop socially, emotionally and academically in a safe, supportive and non – judgemental environment.

It will provide additional opportunities for children to build resilience and forge positive relationships with adults and peers and to improve their engagement with learning.

Working with key staff across the school, Acorns staff will develop a programme for each child that addresses specific, identified needs.

Our ultimate aim is to help all children recognise and work towards achieving their academic, social and life goals.

Typical mentoring activities may include:

- Social and Emotional Aspects of Learning (eg work on social intelligence, self – esteem, friendship, anxiety, etc)
- Anger Management
- Art Therapy
- Eco/Outdoor – Therapy
- Lego Therapy
